## RTLX1

### TOOL TIE WITH BOLT TIGHTENING (PACK OF 5) FOR USE WITH RTLW3

The RTLX1 is a Tool Tie which can be tightened around a tool without an opening and used in conjunction with one of our webbing connectors (RTLW3).

Just one of our comprehensive range of connectors which make connecting your new or existing tools to our tool lanyards safe and easy, whatever the method.

Length: 240mm

Width: 10mm

Closure type: 7mm Hex bolt

Hex bolt
