

# RGK2

## 17MM STEEL TWISTLOCK KARABINER RGK2

The RGK2 is an extremely safe karabiner to use, as it locks automatically. Similar to the RGK1 in size and weight, the RGK2 is ideal for lanyards and aid climbing and has the extra twistlock feature.

This karabiner is also available with a captive pin (RGK2P) allowing for permanent fixture to the lanyard.
