

DUCT VIDEO INSPECTION CAMERA

120M ROD - 38MM CAMERA

The Duct Video Inspection Kit with a 120m push rod and 38mm high-resolution camera is designed for comprehensive inspections of ducts, conduits, and pipelines. Built for professional use, this kit provides clear, detailed visuals to identify blockages, damage, or obstructions in extended duct systems. Ideal for telecom, utility, and construction applications, it ensures accurate diagnostics and efficient maintenance.

PN	DESCRIPTION	UNIT
W2422-60	Duct Video Inspection Kit 60m Rod - 38mm Camera	1
1004324	Transmitter 33Hz (optional part)	1

 Weight: 28.8kg
