

DUCT VIDEO INSPECTION CAMERA

60M ROD - 38MM CAMERA

The Duct Video Inspection Kit is a professional-grade solution designed for inspecting ducts, conduits, and pipelines with precision and efficiency. Equipped with a durable 60m push rod and a 38mm high-resolution camera, this kit enables detailed visual inspections in hard-to-reach areas. Ideal for telecom, utility, and construction applications, it provides clear video feedback to identify blockages, damages, or obstructions.
